There is no necessity of opening the Fellows Group. It is not a statutory requirement and there is no need for further discussion on this subject in ExecCom or any other forum.

I know who are behind these and their contributions to CSI will soon be revealed.

In an extra ordinary meeting of the ExecCom was held on 14<sup>th</sup> February, 2015 at 10:00 a.m. at CSI Headquarter, the following decision was taken :

**..... it was also resolved unanimously that the Fellow Email Group will remain suspended until further notice.**

As proposed by Past President Sri M L Goyal, let us include this point for discussion and necessary action during forthcoming Execcom at Kolkatta.

**But, in my opinion, constitution does not permit any where to form a group and start debating for and against the policy of CSI. How come this group was created and who created and what is the motive for creation of this group is not known to me. Who is the administrator of this group ? And why there is a hue and cry for suspension of this group ?**

**Anyway, will place for discussion and necessary action during forthcoming Execcom at Kolkatta.**

Thanks & Regards

Dear Mr Sawhney,

I agree with your assessment that this is not a good development. In my opinion, it is worst than media censorship as CSI Fellow Yahoo Group is a closed group.

The new CSI ExecCom has taken over on April 1, 2015. It needs to discuss this issue and restore it urgently. If it wants to close this group then it needs to justify the need for such an action.

I am marking a copy of this mail to Mr Bipin Mehta, President, CSI.

With regards,

Prof. M L Goyal

President Mehta,

May I request you to let us know why the CSI Fellows e-mail group has been de-activated, and what are the plans for getting the group re-activated.
