FR. C. RODRIGUES INSTITUTE OF TECHNOLOGY

Presents

AGNETHON

AGNETHON

Organised By

Computer Society of India

CONTENTS

Fr. C. Rodrigues Institute of Technology (FCRIT):

Established in 1994 as an extension of the pioneering efforts of the Agnel Ashram fathers, FCRIT stands as a beacon of excellence in technical education. A leading engineering college in Mumbai, FCRIT has consistently achieved at least one university 1st Rank annually since its first graduating batch. Acknowledged for imparting high-quality value-based technical education, the Government of Maharashtra awarded FCRIT an A grade in its first assessment. Notably, four eligible branches received accreditation from the National Board of Accreditation, a testament to its commitment to excellence in technical education. In recognition of its overall excellence, FCRIT was honored with the Best College Award in Navi Mumbai under the urban section in the academic year 2020-21.To further promote technological innovation, FCRIT is proud to host a National Level Hackathon on its campus, providing a platform for students from across the country to showcase their skills and creativity.

Organizer: Computer Society of India (CSI), FCRIT:

Welcome to the Computer Society of India (CSI), FCRIT chapter, a club where technology meets innovation and excellence. Committed to collaboration and knowledge-sharing, CSI empowers continuous learning and skill development. With a rich legacy, CSI has been a driving force in technological advancements, showcased through groundbreaking projects and cutting-edge research. Join our vibrant community to thrive in the dynamic world of technology. In the previous academic year, CSI organized Tech Night, a national-level online hackathon, which received overwhelming responses nationwide. Building on this success, we're excited to take innovation to the next level with an offline hackathon. Join us for an enriching experience!

Past Events

TechNight

TechNight our past National-Level Hackathon which was conducted online on March 4th and 5th, 2022, this 24-hour event brought together the brightest minds to tackle challenges in fintech, AI, blockchain, video games, health, and cybersecurity to win prizes totaling Rs. 20,000 along with exciting goodies.

Technovation

Technovation 2023 was a tech extravaganza! We hosted dynamic workshops, enlightening seminars, and thrilling contests covering Git, GitHub, app/web development, AWS, machine learning, and beyond.

ACESS

ACESS is an annual event of the Computer Society Of India, at FCRIT, Vashi. Industry experts were invited for a seminar for S.E and T.E students. Access seminars are conducted to increase participants understanding of the thoughtful application of technology to the resolution of practical issues.

ABOUT AGNETHON
